# LONDON LAGER

Crafted from the highest quality two-row spring barley, our London Lager Malt is a testament to the skills of the growers that we have partnered with over generations. Malted with precision at our Witham malthouse on the outskirts of London, this classic lager malt boasts a high extract and enzyme-rich profile, ensuring a fresh and malty taste with minimal DMS potential. London Lager imparts a malty and honeyed flavour, delivering a clean, crisp lager experience with the hallmark freshness and excellent mouthfeel cherished by discerning consumers.
